EDUCATION

Bachelor of Engineering (Computer Engineering and Digital Technology)

Chulalongkorn University | 2025 – Present

PROJECT

Car Rental Web Application

React.js, Node.js, Express.js, MongoDB, REST API, Git

- Developed a responsive frontend using React.js with dynamic search filters, booking flow, and user dashboard components
- Built backend server with Node.js and Express.js handling user authentication, vehicle management, and booking logic
- Designed and implemented RESTful APIs for CRUD operations across users, vehicles, and reservations
- Structured and managed database schema using MongoDB to store and query relational data efficiently
- Applied Git version control for tracking changes and managing development workflow

Personal Portfolio Website

React.js, HTML, CSS, JavaScript, Tailwind CSS

- Built a fully responsive single-page portfolio website using React.js and Tailwind CSS
- Implemented mobile-first responsive design ensuring seamless experience across all screen sizes
- Optimized page performance and web accessibility following modern frontend best practices
- Structured reusable React components for maintainable and scalable code architecture

TodmenAdventure – Java Game

Java, OOP, Data Structures, Git

- Developed an interactive adventure game in Java from scratch using core Object-Oriented Programming principles
- Applied inheritance, polymorphism, and encapsulation to design modular game characters, items, and events
- Implemented game state management and event-driven logic to handle player actions and game progression
- Utilized data structures (arrays, lists, maps) for inventory systems and level management

ACCOMPLISHMENTS

- POSN Computer Olympiad Camp 2 Qualifier
- National Gold Medalist, Intermediate Robotics (70th National Academic Competition 2022)
- Outstanding Robot Performance Honoree, World Robot Olympiad 2023 (Thailand National Final)
- Second Runner-Up, World Robot Olympiad 2022 (RoboMission Senior – South Regional)
- Regional Gold Medalist, Intermediate Robotics (71st Regional Academic Competition 2023)

SKILLS

Frontend Development: React.js, Next.js, HTML, CSS, JavaScript, TypeScript, Tailwind CSS, Responsive Web Design, Component-Based Architecture

Backend Development: Node.js, Express.js, Next.js API Routes, RESTful API Design & Integration, Authentication & Authorization (JWT/OAuth), Middleware Development, Server-Side Rendering (SSR)

Database: MySQL, PostgreSQL, MongoDB, Database Schema Design, Query Optimization

DevOps & Tools: Git, GitHub/GitLab, Docker, Docker Compose, CI/CD Fundamentals, Postman, VS Code, npm/yarn Package Management, Linux Command Line

Architecture & Concepts: Microservices Architecture, REST API Design, MVC Pattern, Agile/Scrum Methodology, Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC)
